Sue Wills will show you how to create lots of different quilting patterns by using different quilting rulers on your domestic sewing machine. Quilting Rulers will help you to improve your skill levels and make quilting your projects easy. Learn how to use acrylic rulers to guide us into smooth curves, feathers and leaves, so that quilting of large quilts has never been so easy.

Sue will teach how to add more texture to your quilts by embellishing them with lots of free motion designs. You will learn how to set up your machine, prepare your quilt for quilting, and then practice how to move your quilt on your machine.
